Awesome two-button schmup! Simple but tight controls with a deep skill curve. The over the top explosions and rad soundtrack make it a joy to kicku2665u2665u2665u2665u2665for Satan.. Cool crazy little game with very great soundtrack! Absolutely worth the few bucks for it. Played it for hours everytime I started. The game and it's soundtrack are highly addictive.. Jesus, take the wheel!. It's like Darius Twin but with a truck and you can't steer. Recommended.. I drove fast and exploded, Hail Satan. You want big booms? You want DEMON TRUCK. You want a demon? YOU WANT DEMON TRUCK. How about trucks, you want those? Yeah baby- YOU WANT DEMONTRUCKRIGHTNOW. Look, I am just sayin' man, trucks are cool, demons are cool, its like \$5 and supports a great dev. What have you got to lose? In all seriousness, what you are getting here is a short

arcadey bit of fun. You may play it a lot, you may play it a little. Each run is generally not very long but if you just feel like crashing and bashing for a bit there are many worse ways you could use your time. It takes a little roguelike with a little bullet hell and makes it into a 3 min activity.
